GOLF COMPETITIONS AND HOW THEY ARE PLAYED

These notes are only intended to assist in the general concept of how various competitions are played. They must be read in conjunction with the Rules of Golf and in particular the Match Committee shall lay down the conditions under which a competition is to be played (Committee Procedures Sections 5A, 5C & 8).

Stroke

The score at each hole is entered on the scorecard, totalled and the player's handicap deducted. The player who completes the stipulated round in the fewest strokes will be the scratch winner. Net stroke winners will be determined by the player having the least score determined by the number of strokes less handicap. *Note: Other than in Club Championship stroke events, double par applies i.e., if a player reaches double the par for a particular hole, that becomes the score for that hole. So, a maximum score would be 6 on par 3, 8 on par 4, and 10 on par 5.*

Par

In Par play the score is entered on the card in the same way as in stroke play with the exception that where the score exceeds par for the hole, after allowing for handicap stroke (if the player is in receipt of one).

It is the custom that when a player is beaten by Par, the ball shall be picked up. This helps speed up play.

After entering the stroke score on the card, the result is marked in the column provided with "+" sign for a win, and "0" for half or "-" for a loss. At the end of the round the plus and minus signs are added and the net result written as so many "up", "down" or "all square". A player will play off their stroke handicap and the strokes are taken at holes as indicated on the card.

Stableford

The popular method of playing a Stableford competition is for the player to take strokes at holes as in a Par competition using full handicap and to score points on the net results at each hole. At the end of the round all points scored are added up and the player having the highest number of points is the winner. In scoring without allowing for handicaps a player who scores par receives 2 points, for 1 over par 1 point, for a birdie or 1 under par 3 points, for an eagle or 2 under par, 4 points and so on. For example, a player receiving a stroke on a par 4 hole scores 4 giving a net 3; and for this they receive 3 points. A player at a par 3 hole scores a 4 but does not receive a stroke; for this they would receive 1 point.

Four Ball Best Ball V Par

Two players play as partners each taking strokes at holes as in par competition.

If one of the partners wins a hole and the other halves it, only the win is counted. If one halves a hole with par and the other loses it, only the half is counted and so on. Plus, half and minus signs are added at the end of the round and recorded as in an ordinary par competition.

GOLF COMPETITIONS AND HOW THEY ARE PLAYED *(Cont.)*

In a two-ball handicap event care must be taken to mark the scores of each player in separate columns headed by the initials of the player. If the scores are mixed and it is impossible for the Committee to check the card, the players will be disqualified.

Four Ball Best Ball Stableford

Played in exactly the same manner as above except that the better ball of the partnership will be credited with points instead of plus, half or minus.

Two Ball Better Ball v Par or Stableford

Played in conjunction with an individual Par or Stableford event where the players shall not assist each other during the round. The match is scored by recording each player's individual score on the card and the better score recorded in the result column.

Irish 4 Ball Stableford

Team event where the best individual Stableford score is taken for each par 3, the best two individual Stableford scores taken on each par 4 and the best three individual Stableford scores taken on each par 5.

Modified Stableford

In a modified Stableford all golfers play according to a fixed score that represents a "par". Those who score lower than the fixed number gain points, whilst those who score higher gain 1 or 0 points. More than one over the fixed score = 0 points, one over the fixed score = 1 point, fixed score = 2 points, one under fixed score = 3 points, two under fixed score = 4 points, three under fixed score = 5 points & four under fixed score = 6 points.

Quota

The objective of the game is to accumulate points each hole based on your score relative to par. In a typical Quota event a player receives: Bogey = 1 Point, Par = 2 points, Birdie = 4 points & an Eagle = 8 points. Unlike a Stableford or modified Stableford event where players are accruing points, in Quota, players start with a point hurdle of 36 less their handicap. So, a 16-handicap player would start with a quota of 20. If he or she earned 25 points during a round, his or her total score would be 5 for the day.

Chapman or Pinehurst

A variation of Fourball where each player hits a tee shot & swap positions and hits their teammate's ball, where after they decide which of the two balls they choose to play for the remainder of the hole. The other ball is picked up. Once the best position has been selected, the teammates take alternate shots until the ball is holed out.

GOLF COMPETITIONS AND HOW THEY ARE PLAYED *(Cont.)*

Foursomes

Two players play as partners and use one ball. The partners strike off alternately from the tee and thereafter strike the ball alternatively during the play at each hole. Scoring is done as for a stroke round and the total is subject to a deduction of half the partners' aggregate handicaps.

Mixed Foursomes

Mixed Foursomes are played in the same manner as foursomes, except that the ladies use their own tees when it is their turn to play (except in a Penalty situation). NOTE: If either player incurs a penalty stroke it does not alter the rotation of play.

Canadian Foursomes

Both players hit off all tees, then decide which ball they will play. A player hits the second shot with their partner's ball and they then play alternate shots with that ball until holed out.

Split Sixes

A Stableford team event where the best one score of the team is recorded for the first 6 holes, the sum of the best two scores are recorded for the next 6 holes and the sum of the best three scores is recorded for the last 6 holes.

Ambrose

Unless otherwise directed, each member of the team is to hit a tee shot on each hole. The team then selects one of the tee shots from which to play. All members of the team may then hit from that position. This procedure is repeated until the ball is holed. Each team member's tee shot must be used at least three (3) times per eighteen holes. The scorecard must be marked to indicate which player's tee shot was used on each hole. The position of the selected shot is marked. Each team member may then place their ball within one club length of the marked position, no nearer the hole, and play from this position. If the selected shot is on the fairway, the fringe of the green or in a hazard, bunker or rough, the ball must be placed within one club length of the selected shot, no nearer the hole and must remain on the fairway, the fringe of the green or in a hazard, bunker or rough. In a sand bunker, the sand may be raked prior to any ball being placed. The position of the selected putt is marked. Other team members may then place their ball within one putter head length of the marked position. Once the ball is holed out, no further strokes count. Team members may stand behind one another while hitting a shot or putting. The scorecard must show each team member's handicap. These handicaps are to be added together and divided by eight for teams of four, six for teams of three and four for teams of two, to obtain the Team's handicap.

Individual Match Play

All match play events must observe the rules of golf with respect to match play events (Rule 3.2).

GOLF COMPETITIONS AND HOW THEY ARE PLAYED *(Cont.)*

Scratch Match Play

(No handicaps)

A player is deemed to have “won” the hole if they return a lower stroke score than their opponent or their opponent concedes the hole. The match continues until one player is ahead and cannot lose. For example, Player A is “3 Up” with two holes to play. Any matches “all square after 18 holes” continue to sudden death extra holes.

Handicap Match Play

(Involves handicaps)

The handicap of the lowest player reverts to scratch (0) and the opponent’s handicap is adjusted by the same amount. Players then refer to the match play index shown on the scorecard to indicate what holes a player receives a stroke (Rule 3.2c).

A player is deemed to have “won” the hole if they return a lower “net” stroke score than their opponent allowing for their handicap if they receive a stroke(s), or their opponent concedes the hole. The match continues until one player is ahead and cannot lose. For example, Player A is “3 Up” with two holes to play. Any matches “all square after 18 holes” continue to sudden death extra holes.

4Ball & Handicap Match Play

Same rules apply as for individual handicap match play except each team involves two players.

Match Play Index

Stroke	1	2	3	4	5	6	7	8	9
Hole	8	12	4	16	10	6	14	2	18
Stroke	10	11	12	13	14	15	16	17	18
Hole	7	11	3	15	5	13	9	17	1

GOLF COMPETITIONS AND HOW THEY ARE PLAYED *(Cont.)*

When 2BBB events and team events are played, any combination of men and ladies may combine.

Competition Prize Points

Winners of competition events are awarded points to their membership card account. The issue of Prize points is at the discretion of the Match Committee and may vary from time to time. The value of the points is usually determined by the number of players competing in the competition on the day.

Disputes

In stroke play,

If an agreement cannot be reached by the player and their marker in regards to the application of a Rule of Golf, two balls are played and both scores recorded. To save time, the matter should be referred on the spot by phone to the Pro Shop for resolution. If the matter still cannot be resolved it should be referred to the captain or GM for adjudication. The competition will not be finalised if a decision cannot be made prior to the closing of the competition.

HANDICAPS IN USE FOR VARIOUS EVENTS

In Match Play, you may encounter situations where you and your opponent may disagree about the application of the Rules of Golf. Rule 20.1b provides as follows in relation to claims:

In match play, if a doubt or dispute arises between the players, a player may make a claim. (In the first instance the players should phone the Pro Shop and seek a ruling). If the matter cannot be resolved the players must continue the match without delay. The committee may consider a claim only if the player making the claim notifies his opponent (i) that he is making a claim (ii) the facts of the situation and (iii) that he wants a ruling. The claim must be made before any player in the match plays from the next teeing ground or, in the case of the last hole of the match, before all players in the match leave the putting green. A later claim may not be considered by the Committee unless it is based on facts previously unknown to the player making the claim and he had been given wrong information Rules 20.1b(3) by an opponent.

Lightning

Please find below the Rules of Golf concerning Lightning as well as Recommendations of Lightning Protection from Medical Journal Australia.

See Rule 5.7(a) which covers discontinuance and resumption of play. The relevant part of Rule 6-8 includes the following:

When permitted the player must not discontinue play unless:

- (i) The Committee – via the Pro shop at Brighton Lakes - has suspended play;
- (ii) She/he believes there is a danger from lightning;
Bad weather is not of itself a good reason for discontinuing play.

Recommendations for Lightning Protection

The "30/30" rule is recommended for lightning safety and serves as a guide for the suspension and subsequent resumption of activity. The first part of this rule (a flash-to-bang count of inside 30 seconds) is a guide to the suspension of activity. The second part of the "30/30" rule provides the criteria for resumption of play that it is recommended that people wait 30 minutes after the last sight of lightning or sound of thunder. It is important to emphasise that blue skies and lack of rainfall are not adequate reasons to breach the 30-minute return-to-play rule.

The Match Committee is confident that understanding the relevant Rules of Golf and the proximity of lightning will help provide direction to Members should lightning be in the area. *At Brighton Lakes the Pro shop is authorised to suspend & recommence play. Notification will be sent via message to all carts on the course.*
